Ref. to Catalogue 1SFC151001C0201, ed. 2 and 1SFC151002C0201, ed. 3

Ident. No. 1SFC151028K0201
Date August 28, 2007

New accessories for the Pilot Devices

Following products are now available:

For the Modular range:

Shroud for Modular Emergency Stops and Modular Machine Stops

The shroud is designed with anti rotation tabs and a slot for pad-lock and with water drainage. This design also makes it suitable for ABB plastic enclosures as it does not interfere with other operators. Available in yellow (for Emergency Stops) and grey (for Machine Stops).

DIN-rail adaptor

Adaptors for mounting of Modular range Pilot devices on DIN-rails.

For the Compact range:

Emergency stop legend plate

Description	Type	Order Code	Packing qty	Weight, kg
