Application of this document

The document is intended for use as a base for the declaration of installations and systems.

Category

Components

Components for use in installations and systems

Declaration

We ABB Automation Products AB, Substation Automation Division, S-721 59 Västerås, Sweden, declare under our sole responsibility that the family:

Relay accessories and components

Types:

RXEM 1 acc. to Technical Overview Brochure
1MRK508 024-BEN, Jan. 2004

to which this declaration relates is in conformity with the following standard(s) or other normative document(s)

Standards

EN 60 255-6: 1994
EN 50 178: 1997

following the provisions of

Directives

Low Voltage Directive 73/23/EEC
EMC Directive 89/336/EEC is not applicable
to single components of this family

Our internal quality control system ensures compliance between the manufactured products and the technical documentation.

Application of the objects

The family is intended for use in the industrial environment and to protect high voltage or high power apparatus, and thus normally used in a harsh electromagnetic environment near high voltage apparatus.
