Application of this document

This document is intended for use as an approval for CE-marking of below mentioned products:

Category

Family of	Apparatus
------------------	------------------

Declaration

We **ABB Automation Technology Products AB, Substation Automation, S-721 59 Västerås, Sweden**, declare under our sole responsibility that the family:

Protection and Control Terminal for Railway application	Type: REO517, V2.4 acc. to Technical overview brochure 1MRK 506 135-BEN
--	--

to which this declaration relates is in conformity with the following directives

Directive	EMC Directive 89/336/EEC Low Voltage Directive 73/23/EEC
------------------	---

Our internal quality control system ensures compliance between the manufactured products and the technical documentation.

Application of the objects

The family is intended for use in the industrial environment and to protect high voltage or high power apparatus, and thus normally used in a harsh electromagnetic environment near high voltage apparatus.
