

MS-7 600mm Conveyor – Power Liftgate

Main Applications: Palletized Transport

Description:

- Provides access to both sides of transport system

Equipment:

- Average weight distribution: 100 – 700 Kg
- 1 Meter of MS-7 conveyor slave driven through detaching coupler
- Two (2) gas shocks
- Double-sided opening lever
- Locking latch
- Dual leg assembly available in 500mm and 800mm pallet heights
- Required option: Pre-station pallet stop
- Required option: Pre-station pallet switch assembly
- Required option: Anti back-up assembly

Customer Benefits:

- Quick and easy access to both sides of transport allows for rapid response
- 1 Meter standard length allows for easy packaging into system layouts
- Gas shock provides a smooth opening and closing effort without dangerous counterweights

Global Code:

S0700-130-60

Version: A

MS-7 600mm Conveyor – Power Liftgate

Process Parameters

Name	Values	Units	Description
Load	700 (max); n/a (default); 100 (min);	Kg	Transport load capacity of this conveyor
Roller pitch	200 (min); 250 (max); 250 (default);	mm	Pitch of the rollers
Height	500 (min) or 800 (default); n/a (max);	mm	Height of conveyor from machine floor
Standard length	1	meters	Standard length

Design Parameters

Name	Values	Units	Description
Speed	15 (default); 2 (min); 18 (max);	Meters/min	Operating speed limits of this conveyor
Delivery	10 (min); 12 (default); 18 (max);	weeks	Delivery time
Conveyor width	500 (min), 600 or 800 (default); 1000 (max);	mm	Pallet width
