Application of this document

This document is intended for use as an approval for CE-marking of below mentioned products:

Category

Family of	Apparatus
------------------	------------------

Declaration

We **ABB AB, Substation Automation Products, SE-721 59 Västerås, Sweden**, declare under our sole responsibility that the family:

Bay Control IED	Type: REC 670, Ver.1.1 acc. to Buyer's Guide 1MRK 511191-BEN, -BUS
------------------------	---

to which this declaration relates is in conformity with the following directives

Directive	EMC Directive 89/336/EEC Low Voltage Directive 73/23/EEC
------------------	---

Our internal quality control system ensures compliance between the manufactured products and the technical documentation.

Application of the objects The family is intended for use in the industrial environment and to protect high voltage or high power apparatus, and thus normally used in a harsh electromagnetic environment near high voltage apparatus.
